## Market Review

### Local Market

Over the month, the SEMTRI was up 3.55% driven by Cons. Discretionary and Financials. Annual inflation decreased to 5.9% YoY in July and stood at 7.9% YoY in June. PPI fell to 5.1% YoY in July as compared to 8.1% YoY in June. The trade deficit showed an increase of 17.9% QoQ in June and a slight decrease of 1.3% YoY in the same month. Tourist arrivals at 704,298 from Jan-July 23, representing 92% of 2019 levels during the same period.

### International Market

Global Markets were volatile in August as both global equities and global bonds returned -3.46% and -2.34% in MUR terms. Commodities were also down 1.93%.

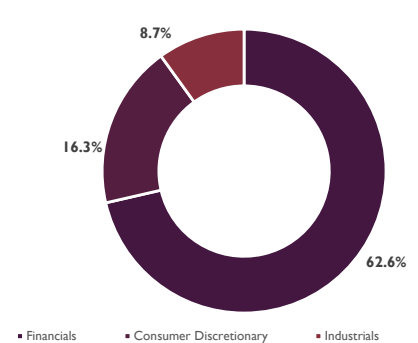

### Portfolio Comments

Performance was mainly driven by our local portfolio following a strong performance of the SEMDEX. An appreciation of the USD vs MUR on top of a dip in international markets meant that our international portfolio contributed negatively to overall portfolio performance.
